

MuscleDefender

WHAT IS IT?

- An L-glutamine supplement designed to support the body in times of depletion caused by high-stress states such as endurance training, prolonged calorie restriction and injury

WHO IS IT FOR?

- Adult exercisers and athletes under prolonged physical stress due to the demands of intense training and/or contest preparation
- Anyone seeking to support the immune system related to exercise and physical-induced stress

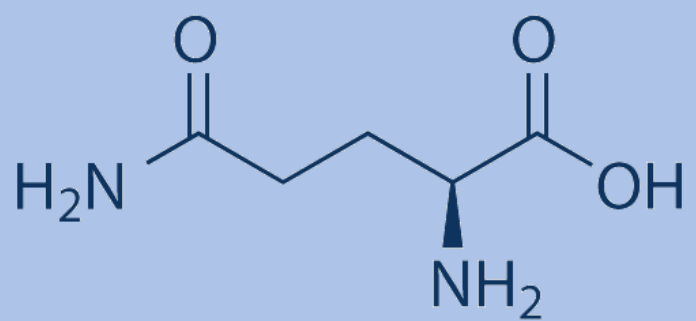

WHAT ARE THE BENEFITS?

- Helps support the immune system in intense exercisers
- Elevates plasma glutamine levels
- Increases muscle protein synthesis

WHAT MAKES THIS PRODUCT UNIQUE?

- **NSF Certified for Sport** - Independently tested for purity and potency
- Contains L-glutamine in a dipeptide patented, stabilized compound for greater absorption
- Easy to mix powder that can be combined with sports drinks and shakes
