Who is this for?

- Anyone looking to promote greater gains in strength, size and performance. This formula is specifically designed for the athlete or intense exerciser to perform at their highest level in the 2nd half or 4th quarter, and is 100% compliant with NCAA guidelines for collegiate athletes.

What makes this product unique?

- It contains 290 calories per serving
- There is a 2:1 ratio of fast acting carbohydrates (maltodextrin) to protein (whey protein concentrate, whey protein Isolate, calcium caseinate, micellar casein) per serving
- There are 21 grams of protein per serving
- Drinking a properly designed shake pre and post workout versus eating whole food allows the nutrients to be digested and absorbed more quickly, making this a convenient method of fueling around exercise.

How should I take this?

- 1st Serving: 30-40 minutes before workouts, mix two (2) scoops (1 serving) of First String™ with 16-20 fl. oz. of cold water/fluid and mix vigorously for 30 seconds in a shaker or blender. 2nd Serving: repeat immediately following workouts or training.
